... dream holiday homes

Florida Homes select only the best, most prestigious rental developments in the most sought after areas of Florida, making them ideal holiday lets for everyone.

So, the norm when booking a Florida holiday is to book a hotel package, but why would you when you can have your own luxury Orlando villa not just a room!

Imagine this... it's your first morning in the villa, you wake up to glorious Florida sunshine, and enjoy fresh coffee, freshly squeezed Florida orange juice and your favourite breakfast looking over your very own pool. Doesn't that sound like a dream? Well in Orlando it's more than just a dream, it's a morning ritual!

You're not governed by hotel restricted deadlines for when breakfast is served, not to mention, you may be asked to leave if you go downstairs in your favourite PJs!

You can easily pick up groceries from any of the larger gas stations or supermarkets on your way to the villa, they will all stock choices of bread, cereals, milk and even bacon and eggs. On a side note, you may want to pack your favourite tea bags!

So what next after your relaxed start to the day, a swim.... oh go on then! After all there is no rush to 'start' the day.

The biggest difference from hotels to staying in Orlando villas is SPACE and there is plenty of it.

Not only do you have your own bedroom, which is likely to be larger than a standard hotel room, but then you have your very own lounge, kitchen, dining areas and even games room...

Have I mentioned the pool in the back garden?!

What our customers have to say...

“We stayed at this beautiful house with an additional 2 friends. We were truly amazed at the level of accommodation and furnishings. The house looked like a show house from a magazine, with lots of space and everything you could want for a luxury stay. The property was very clean and maintained, with good restaurants close by. We would definitely recommend this, and look forward to future stays.”

So let's put it into perspective... when you think about the price of villas, you are onto a winner, yes you can get cheap hotels, but I wouldn't want to stay in one! If you think £100 a night for a fair standard of hotel, that's £700 for a week. But then that room only sleeps 2 people, but suppose you are going as a family of eight (or two families of four) - GULP! An Orlando villa that sleeps eight will range in price, dependant on standard, location and facilities, but you will be hard pushed to pay more than £2,800 which is what the 4 hotel rooms will cost! You're more likely to pay between £700 and £1,200 FOR THE WEEK; **now that's a saving!**

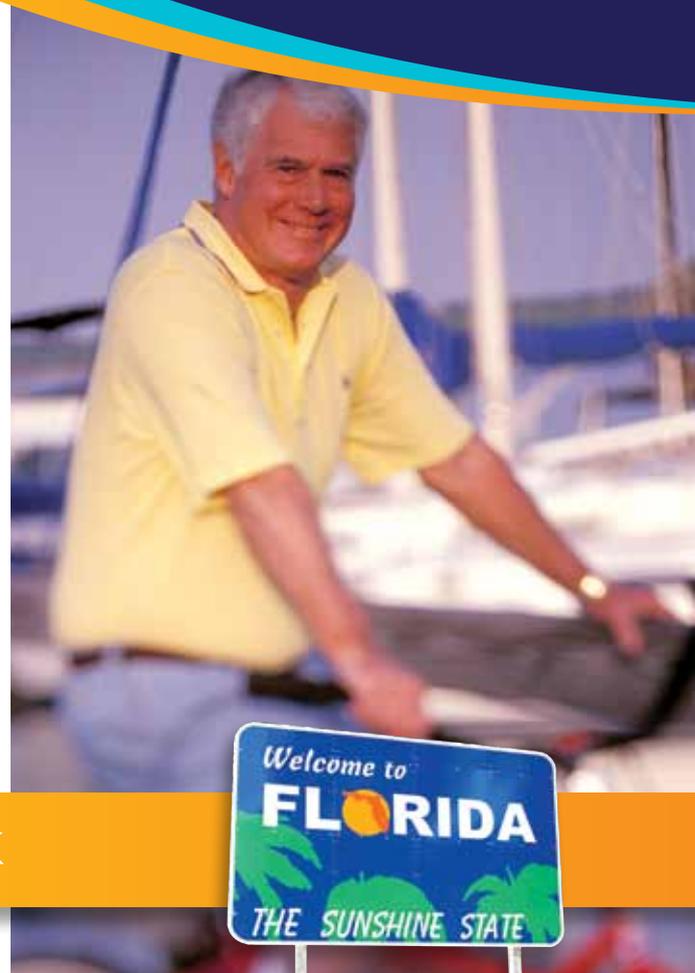

So what are you waiting for?

Our secure gated communities at Westhaven are ideal for families of all sizes and in the larger homes there is always a bedroom downstairs that is ideal for granny! They have access to the community clubhouse and related facilities just 250 yards away that include a resort-style swimming pool (depth ranges from 3 ft 6" to 5 ft), 2 tennis courts, beach volleyball and gym. Posner Park, a huge retail outlet located on the intersection between Hwy 27 and I4 at Exit 55, has fine dining, shopping and entertainment, and is only 2 miles away.

Some vacation rentals on Westhaven look out onto conservation lakes, ideal for spotting some Florida wildlife including the alligators, but no need to worry they're not as large as the big boys in Gatorland!

These properties are a haven of privacy to come home to, yet have the unique advantage of being within a few minutes drive of all the major tourist attractions of Central Florida. Westhaven is situated less than 15 minutes from Walt Disney World, Downtown Disney and International Drive areas with all of its attractions, shopping and restaurants.

There really is something for everyone, and all within a few minutes of your front door!

What our customers have to say...

“Having recently returned from this beautiful house in an amazing location I would like to register that it was exactly as the photos suggested. Decor stunning, clean and everything you could wish for seems to be provided. The master en-suite shower has to be seen to be believed!! Many happy evenings sitting on the upper balcony looking out over the wetland behind wondering if it was gators or bullfrogs making the noise! It was well positioned for all Disney Parks and on the right side of Orlando for Busch Gardens. Would recommend Chillies in Champions Gate and Bahama Breezes directly opposite the exit at 68 on the I-4 as great places to eat. Fabulous place, we will be going back again and can thoroughly recommend it to you.”
